Class 1 **in respect of** Chemical products used in industry, science, photography; preservatives against rust.

Class 2 **in respect of** Chemical products used in agriculture, horticulture and forestry.

Class 6 **in respect of** Parts for copier machines, printers and/or facsimile machines; impregnating machines; fuel handling machines; electric mixers and blenders for industrial use; motors (none for land vehicles), drive motors and associated starters (except for terrestrial vehicles), compressors (machines); non-electric punching card machines (other than for office use); washing machines; drying machines; tumble driers (machines), other than for laundry use; ironing machines; dry-cleaning machines; electric dish washers; noodle making machines; electric juice extracting machines; quenching machines (for use in smelting works); electric polishing machines (not for domestic use); scouring machines; moulding dies being parts of machines; printing heads being parts for printing machines; automatic electric welding machines; automatic drilling machines; automatic mechanical handling machines; pipe shaping machines; machines for cleaning and treating chemical products; pressure vessels being part of machines; waste disposal machines for the disposal of radioactive substances; filters (being part of machines); mincing machines, mixing and kneading [machines]; slicing machines, sewing machines; waste disposal machines; knife sharpener machines; ball bearings used as a part of a machine or an apparatus to reduce friction used in engineering ceramic applications automatic bank note processing machines; copying machines; cash registers; automatic teller machines; dictating machines; sound recording and reproducing machines; copying machines; coin-operated vending machines; printers for use with computers; calculators; electric document filing machines; automatic ticket issuing machines; automatic ticket inspecting machines; counterfeit coin detecting machines; machines for counting money; parts and accessories for copying machines, facsimile machines and printers, namely, drums, heat rollers, cleaning rollers and blades; electronic cash registers; hair curling machines; running machines; traction motors, motor generator equipment for vehicles, bogie and driving gear for rolling stocks, manual starters (for land vehicles); electronic engine control systems (for automobile engines).

Class 8 **in respect of** Hydroelectric generating installations; thermal storage apparatus for electricity generation; atomic power generating installations; diesel-electric generating installations; turbines and boilers for turbines (other than for land vehicles); power generating apparatus for boiling water type nuclear reactors, nuclear turbines and

generators, uranium gas centrifuges; pumps (other than petrol vending or surgical pumps, or air pumps being vehicle accessories); elevators; escalators; moving walkways (in the nature of escalators), laundry presses; electric meat grinders; electric food processors; electric can openers; motor hoists; electric pumps for domestic use; electric blenders; electric coffee mills; electric coffee blenders, automated coffee mills and coffee blenders; catalytic converters for internal combustion engines; machine tools; separating nozzles for uranium enrichment (other than for laboratory or medical use); waste disposers; injection nozzles; grinders; ice-cream makers; waste masticators and compressors; electric polishers for parquet floorings; electronic fuel injection pumps and electronic controls thereof; electronically operated hand-held tools for household use; electric vacuum cleaners; robots for industrial use; steam condensers; hand tools and implements (hand operated); electric shavers; hand apparatus for curling hair; electric hair curlers; electric irons, flat irons; radiation monitors for reactors; television receivers; television cameras; video tape recorders and accessories thereof; magnetic tapes for video recorders; video disc players; video discs for video disc players; tuners; radio receivers; radio receivers with clocks; automatic depositors; closed circuit television cameras; closed circuit television monitors; electrodes for electric welding; semiconductor devices; testing equipment for semiconductors; electron tubes; liquid crystal devices; electric wires and cables; wiring devices; sockets; receptacles; plugs; switches; X-ray or gamma-ray thickness gauges; gamma-ray level gauges; photoelectric width gauges; electromagnetic flow meters; watt-hour meters; tape recorders and decks; magnetic tapes for sound recorders; phonograph record players; records for phonograph record players; needles for phonographs; phonocassettes; noise reduction devices and units for audio equipment; apparatus having loud speaker systems; audio amplifiers; microphones; headphones; equalizers; antennas; stereophonic phonographs; radio cassette tape recorders; digital audio players; digital audio discs; audio-visual equipment for educational use; inter-phones; telephone equipment; telephone exchangers; video-phone equipment; transceivers; facsimile transmission apparatus; communication satellite associated equipment; cellular phone and personal information terminal equipment; apparatus having public address systems; electric megaphones; dry cells; battery chargers; storage batteries; solar cells; car radio and tape recorders; electric bells; electric door chimes; television transmitter; radio transmitter; computers; computer programs, recorded on tapes, discs or other information carriers; apparatus having magnetic tape and disc systems for use with computers; card readers for use with computers; apparatus having display systems for use with computers; keyboard devices for use with computers; word processors; transformers; reactors; inverters; induction voltage regulators; condensers; circuit breakers; switches; disconnecting switches; switchboards; switch gear equipment; lightning arresters; electric relays; converters; connecters; rectifiers; fuses; electric contactors; starters; contactors; resistors; static power capacitors; automatic fare adjusters; apparatus having automatic train control systems and equipment; apparatus having automatic car identification systems; apparatus having process control instrumentation systems; apparatus having industrial computer control systems; turbine supervisory instruments; apparatus having air pollution monitoring systems; burner flame detectors; telemetering equipment; pin hole detectors; electronic counters; oscilloscopes; navigation aids equipment; X-ray analyzers; pulse-height analyzers; magnifying glasses; counters; flash lamps for photographic purposes; X-ray non-destructive testing units; leak testers; detectors; records, recorded; apparatus having power supply systems; gamma cameras; automatic electro-cardiogram analyzing apparatus; biochemical analyzers; automated cytobiological screeners; glow switch starters; reactor controls and instruments for nuclear power generator; automated container terminal sets; electric mosquito-killers; apparatus having water quality monitoring systems; ballast; call chimes; bells and buzzers; leakage breakers; motor breakers; safety breakers; household power distribution panels; switch boxes and safety enclosed switches; microphone mixers; cable television equipment; power receiving and distribution facilities; emergency power source equipment; ultra-violet irradiating equipment; solar energy equipment; apparatus having thyristor dimming systems for stages and studios; super-sized color picture displays; apparatus having fixed/movable type electric sign board systems; apparatus having disaster preventing systems for building and tunnels; integrated circuits; integrated circuit memory cards; integrated circuit memory card readers and/or writers; display monitors for personal computers; personal digital assistants; digital cameras; printers for digital cameras; DVD (digital video disc) recorders; DVD (digital video disc) players; electronic publications (downloadable); magnets comprised of samarium and cobalt; magnets comprised of samarium, iron, and nitrogen; optical disc players (DVD players) and drives, hard disc drives, printed circuit boards, mobile audio players, surveillance camera, time lapse recorders, multiplexers, computer servers; electronic installations for use in point of sales systems, bar code printers, electronic label printers, electronic weighing scales; typewriters; copying machines; pencils sharpening machines; primary containment vessels, reactor core structures, control rods, control rod drive mechanisms and fuel handling facilities; all being parts and fitting for water boilers for use in nuclear reactors; installations and apparatus for nuclear stations; installations for fast breeder reactors; electric hair dryers; heaters; gas lighters; furnaces, high-frequency induction heating equipment; electric bulb sockets; lamps and luminaries and their components; specular reflectors for lighting fixtures; light distribution appliances; infrared lamps (other than

for medical use); incandescent lamps; halogen lamps; neon glow lamps; sealed beam lamps; beam lamps; fluorescent lamps; projector lamps; xenon lamps; iodine lamps; sodium lamps; metal halide lamps; miniature lamps; lighting fixtures; desk lamps; ribbed tubular heaters; heating conductors; heating mats; electric under floor storage heating apparatus; heat pumps; nuclear reactors; steam generators; high temperature combustion chamber furnaces, electric torches; lighting apparatus for machines; pocket lights; car lights; filaments; freezers; freezer showcases; electric water coolers; driers, refrigerators and ventilators and their components and valves; sintering, smelting, brazing and combustion furnaces; refuse incinerators; thermal waste processing apparatus, pyrolysis drums; room air conditioners; electric fans; electric blowers for ventilation; electric room air purifiers; electric ventilating fans; chilling apparatus; electric humidifiers; electric dehumidifiers; refrigerated showcases; electric air circulators; fan coil units; fan coil apparatus; kerosene heaters; gas heaters; electric space heaters; electric blankets; water heaters; boilers, storage water heaters, continuous-flow water heaters; electric ovens; gas ovens; microwave ovens; baking ovens, friers, grills, toasters, defrosters; electric grease filter apparatus and extractor hoods; pressure cookers, immersion heaters; electric appliances for making drinks; air humidifiers; upright and chest-type refrigerators and freezers; electric ice-makers; electric grilling apparatus; automatic rice cookers; electric hot plates for cooking; automatic steam cookers; electric bread toasters; electric pots; electric pans; gas cooking stoves and stoves; electric coffee percolators; electric egg cookers; induction heating ranges for cooking; electric roasters; electric food cookers; popcorn cookers; hamburger cookers, waffle cookers; evaporating apparatus, solar water heating systems; solar air conditioning apparatus; air conditioners for vehicles, emergency lighting fixtures, fire escape lighting fixtures; flue gas cleaning apparatus and separators for carbonized waste; filters for flue gas cleaning; water treatment and desalination installations; landfill gas removal apparatus, gas utilization; leachate treatment installation; gas cleaning apparatus; apparatus for cooling and ultra purity of water for domestic use; waste water heat recovery apparatus; water heat recovery apparatus; driers, electric tumble driers; heat lamps, hot-air apparatus; ventilators, fans; heaters and air-conditioning installations and devices; ionizers for treatment of air; appliances for steam, air and water piping installations and sanitary installations; electric foot warmers; electrical and electro technical devices and installations for water purification and treatments; electric toothbrushes.

Class 10 **in respect of** Horological and other chronometric instruments; clocks and their parts, watches and their parts, clocks with radio receivers.

Class 11 **in respect of** Electro medical, medical, surgical, dental, veterinary and therapeutic apparatus and instruments; electric operated massagers; electric foot warmers for medical use; diagnostic X-ray equipment; appliances and devices for computer tomography, nuclear magnetic resonance tomography, ultrasonic diagnostics, nuclear medicine tomography scanners, radiotherapy, positron emission tomography equipment; radiation tomography equipment; gamma cameras for medical use; automatic gamma cameras for medical use; automatic gamma ray counting apparatus for medical use; therapeutic apparatus for radiation treatment; patient body function medical monitoring apparatus; electron therapeutic devices; medical electronic diagnostic equipment; electrocardiographs; medical apparatus for monitoring pulmonary gas exchange parameters; cardio-pulmonary perfusion apparatus, cardiac pacemakers; defibrillators; automatic pulmonary function analyzers, phonocardiographs, automatic phonocardiograms analyzers; automatic electrocardiogram analyzers; clinical laboratory apparatus for medical use; laser surgical apparatus; electromedical appliances, devices, and systems and their components; all for diagnostic radiology and radiotherapy; apparatus for use in angiography; instruments and equipment for endourological radiology, functional diagnostics and instrumental urology and for extra corporeal lithotripter treatment of urinary and biliary calculus; devices for treating bone, muscle and for tendon disorders; appliances and devices for recording processing, storage and for reproduction of radiological information; devices for long-term storage and computer-aides evaluation of electrocardiograms, electro-encephalographs for medical use; apparatus for high-frequency heat equipment, electro surgery, diagnostics and for therapy; measuring instruments for cardiac catheterization; equipment for patient observation and arrhythmia analysis; polygraphic and electrophysiological equipment for medical use; measuring stations for medical functional analyses; telemetry devices for medical apparatus; respirator apparatus for medical use; catheters; linear accelerators for medical use in tumor radiotherapy; ultrasonic apparatus for locating tumour; dosage planning and documentation devices for tumour radiotherapy; dental equipment and workplace lighting fixtures for medical use; dental drills for preparation work; dental turbines; ultrasonic scaling equipment; periodontal diagnostic equipment; diagnostic treatment and teaching devices for the hearing-impaired; hearing aids, hearing aid spectacles; audiometers and audiometry cubicles; speech hearing training equipment; furniture for medical purposes; positioning tables, examination and operating tables, chairs for patients, work chairs for doctors, cupboards; all being specially made for medical purposes; patient positioning mattresses; massage apparatus; heat treatment apparatus; fluorescent

screens; radiographic devices based on storage phosphor; digital recording equipment for contrast medium examinations with read time imaging; speech equipment for hearing-impaired children; vibrotactile communication equipment; cuclotron for the generation and conditioning of position emitting radio nuclides; inhalant atomizers; all for medical, surgical, dental and/or veterinary purposes.

Class 13 **in respect of** Metals in foil and powder form for painters, decorators, printers and artists; common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; small items of metal hardware; pipes and tubes of metal; goods of common metal not included in other classes; containers of metal; unwrought or partly wrought common metals and their alloys; metal wires; metal powders for use in the manufacture of filaments; metal disc for use in the manufactures of plates to support semi-conductor modules.

Class 14 **in respect of** Precious metals and their alloys and goods in precious metals or coated therewith, not included in other classes; jewelry, precious stones.

Class 22 **in respect of** Vehicles; apparatus for locomotion by land, air or water locomotives, trains, tram cars, monorail cars, electro-mobiles, trolley buses.

Class 39 **in respect of** Accessories for copier machines, printers and/or facsimile machines namely toners, toner cartridges; toner cartridges (filled); toner bags and developers; paper; printed matter, bookbinding material; paper and goods made from these materials, not included in other classes; stationery; office requisites (except furniture); printers' type; printing blocks; papers; inking ribbons for a printer.

Class 40 **in respect of** Rubber, gutta-percha and goods made from these materials and not included in other classes.

Class 47 **in respect of** Bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; soaps; illuminants; candles.

Class 48 **in respect of** Soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices.

Class 49 **in respect of** Games and playthings; gymnastic and sporting articles not included in other classes.

Class 50(5) **in respect of** Paint brushes; brushes (except paint brushes); combs.

Class 50(10) **in respect of** Unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry; casting resin; silicone resin; silicone fluid; silicone compound; silicone release; silicone anti-foam and silicone water repellent; developers; substrates comprised mainly of silicone nitride for use in machinery for the electronic and semiconductor industries; paints, varnishes, lacquers; preservatives against deterioration of wood; colorants; mordents; raw natural resins; coatings (paints); distemper; enamels (varnishes); enamels for painting; lacquers; paints (fireproof); paints; primers; silver paste; thinners for lacquers; thinners for paints; varnishes; silicone polish; industrial oils and greases; lubricants; dust absorbing, wetting and binding compositions; fuels (including motor spirit); wicks; silicone grease; silicone oil; ironmongery; safes; ores; molding dies; molding compounds; clad laminates; ceramic substrates comprised of aluminum oxide or aluminum nitride and intended for use in the manufacture of substrates to support semiconductors; amorphous cores comprised of cobalt or iron, and contained silicon and boron for use in the manufacture of magnetic core for use in electronic components; electric generators; fuel rails; side arms; batteries; cardboard and goods made from these materials, not included in other classes; photographs; adhesives for stationery or household purposes; artists' materials; instructional and teaching material (except apparatus); plastic materials for packaging (not included in other classes); magazines; printings; gum, asbestos, mica and goods made from these materials not included in other classes; plastics in extruded form for use in manufacture; stopping and insulating materials; flexible pipes, not of metal, silicone rubber, insulating varnish; reflective sheeting made of plastics for use in the manufacture of cautionary, warning, guiding and advertising signs and marks; household or kitchen utensils and containers (not of precious metal or coated therewith); sponges; brush-making materials; articles for cleaning purposes; steel wool; unworked or semi-worked glass (except glass used in building); glassware (not included in other classes), playing cards.

The Applicants claim that the said Trade Mark has not hitherto been used by the Company.
