GAZETTE DEADLINES	3580
--------------------------------	-------------

USING THE GAZETTE

The Virgin Islands Official Gazette is the official newspaper of the Government of the Virgin Islands. It is published weekly on Thursdays. Extraordinary editions are published as and when required.

Closing time for lodging notices is 3 p.m. on Monday in the week prior to publication. Early deadlines apply in cases of public holidays. Please refer to the schedule of deadlines at the back of the Gazette for specific deadlines. Late notices are accepted at the publisher's discretion only.

Notices must be accompanied by payment and written instructions. All dates, proper names, and signatures must be shown clearly, and contact details for the person responsible for the notice must be included.

Notices will be returned unpublished if not submitted in accordance with these requirements.

The *Official Gazette* reserves the right to apply its in-house style, and to reject notices which do not meet its requirements.

Kindly address notices and other correspondence to:

GOVERNMENT**Departmental Notices****PUBLIC NOTICE****VOTER REGISTRATION AND TRANSFER**

15318 The Public is hereby informed that Voter Registration continues, and all persons who are eligible are encouraged to register to vote. To be qualified to register, a person must be a Belonger, 18 years of age or older.

Section 68 (1)

(a) is domiciled and resident in the Virgin Islands on the qualifying date; or (b) on that date is domiciled in the Virgin Islands and resident in the United States Virgin Islands.

Documents to be presented when registering are Birth Certificate, Virgin Islands Passport or a Belonger's Card. A Naturalization Certificate can also be used, provided the certificate is dated before June 15, 2007.

Please take note that in accordance with Section 17(1) of the Elections (Amendment) Act No. 14 of 2011; persons who have moved their place of residence and wish to transfer are encouraged to apply for a transfer.

Section 17(1)

"A registered voter who is ordinarily resident in the Territory and who moves his place of residence from within one local electoral district or polling division to another, may have his name transferred to the list of voters for the local electoral district or polling division to which he has moved, if he applies on Form No. 8 and establishes, to the satisfaction of the Supervisor of Elections, proof of residence within the local electoral district or polling division to which he has moved.

Supporting documentary evidence can be in the form of Cable, Water or Electricity bills, a rent receipt or a notarized document, stating new address.

Registration and Transfer forms are available at the Office of the Supervisor of Elections, Post Offices throughout the Territory, the District Offices on Anegada and Virgin Gorda and the Government Office on Jost Van Dyke.

For further information please contact the Office of the Supervisor of Elections at 284-468-4380 or 284-468-3701 Ext. 4380 between the hours of 8:30 a.m. and 4:30 p.m. The Office is located at:

Ground Floor
Ulric Dawson's Building #6
Russell Hill Road
Road Town, Tortola
British Virgin Islands

**NOTICE
PUBLICATION OF APPLICATION OF
TRADE MARK PURSUANT TO SECTION 48 OF THE
TRADE MARKS ACT, 2013**

App. No. 8035

15342 Libra Association (a limited liability corporation registered in Switzerland) for Registration of a Trade Mark in respect of the wordmark below with a priority filing date of 16 January, 2019 in the following classes:

LIBRA

Class 9: Software; computer hardware; blockchain; software for use with digital currency; software for use with cryptocurrency; software for use with virtual currency; digital currency wallet and storage services; software development tools; software for use as an application programming interface (API); application programming interface (API) for use in building software applications; software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; software for digital currency payment and exchange transactions; software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; electronic wallet services; distributed ledger platform software; software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for implementing and recording financial transactions; software for creating accounts and maintaining and managing information about financial transactions on distributed ledgers and peer to peer payment networks; software for use in financial trading; software for use in financial exchange; software for accessing financial information and market data and trends; software for settling financial transactions; software for providing authentication of parties to a financial transaction; software for maintaining ledgers for financial transactions; software for the management of cryptographic security of electronic transmissions across computer networks; software for encrypting and enabling secure transmission of digital information over the Internet; software for allowing users to calculate parameters related to financial transactions; distributed ledger software for use in processing financial transactions; software for

electronic funds transfer; software for currency conversion; software for the collection and distribution of data; software for payment transactions; software for connecting computers to local databases and global computer networks; software for creating searchable databases of information and data; software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; software for creating and managing smart contracts; software for managing payment and exchange transactions; software and hardware for use as a digital currency wallet; software and hardware for use as a virtual currency wallet; software and hardware for use as a digital asset wallet; software and hardware for use as a digital token wallet; software and hardware for use as a crypto token wallet; software and hardware for use as a utility token wallet; software for creating a decentralized and open source digital currency for use in blockchain-based transactions; software for creating a decentralized and open source virtual currency for use in blockchain-based transactions; software for creating a decentralized and open source cryptocurrency for use in blockchain-based transactions; software for creating a decentralized and open source digitized asset for use in blockchain-based transactions; software for creating a decentralized and open source digital token for use in blockchain-based transactions; software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens or utility tokens that allow users to buy from, and sell products and services to others; computer application software for blockchain-based platforms, namely, software for digital exchanges for virtual items; software for creating, selling and managing blockchain-based tokens or appcoins; software for use in an electronic financial platform; software for processing electronic payments and for transferring funds to and from others; software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; blockchain platform software; software for use in the management and implementation of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; software for creating and managing a blockchain platform for use in managing digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; software for managing crypto currency and digital currency accounts; software for use in payments, purchases, and investments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use in enabling the electronic transfer of funds to and from others; software for use in managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; software for developing, deploying, and managing software applications, and integrating software applications for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; software for use in facilitating the use of a blockchain or distributed electronic ledger to execute and record financial transactions, namely, financial trades made with the use of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software and hardware for use in electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; computer hardware for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, and digitized asset mining; security token hardware; electronic currency converters; software, namely, electronic financial platform that accommodates multiple types of payment and transactions in an integrated mobile phone, PDA, and web-based environment; software for creating tokens to be used to pay for products and services, and that may be traded or exchanged for cash value; software for use in securely managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments, money transfers, and commodity transfers; software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties; software for use as an application program interface (API) software for use in computer hardware device identification; software for use in authenticating user access to computers and computer networks; software for use in facilitating secure transactions; software for use in accessing, reading, tracking, and using blockchain technology; software and hardware for managing identity information, access rights to information resources and applications and authentication functionality; software for network identification verification, authentication and management services for security purposes; authentication software for controlling access to and communications with computers and computer networks; magnetically encoded credit

cards and payment cards; encryption devices; security tokens; software use in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software use in auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens.

Class 35: Marketing, advertising and promotion services; business information; provision of market research and information services; promoting the goods and services of others via computer and communication networks; business and advertising services; market intelligence services; facilitating the exchange and sale of services and products of third parties via computer and communication networks; providing online marketplaces for sellers of goods and/or services; providing online facilities for connecting sellers with buyers; providing a website featuring an online marketplace for selling and trading virtual goods with other users; online trading services; arranging and conducting special events for commercial, promotional or advertising purposes; arranging and conducting special events for business purposes; blockchain as a service, namely, business advice and information in the field of blockchain technology.

Class 36: Financial services; financial exchange; financial affairs, namely, financial management, financial planning, financial forecasting, financial portfolio management and financial analysis and consultation; financial information provided by electronic means; brokerage services; dealer services; digital currency; cryptocurrency; virtual currency; digital currency wallet and storage services; electronic banking services via a global computer network; currency trading; payment processing services; digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token trading services; digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token processing services for others; facilitating transfers of electronic cash equivalents; providing financial information in the nature of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token ratings; providing financial information in the fields of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token markets; news reporting services in the field of financial news; financial services, namely, providing virtual currency services for use by members of an online community via a global computer network; issuance of tokens of value; management of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; financial services, namely, providing a financial exchange for the trading of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; cryptocurrency trading services; cryptocurrency exchange services; cryptocurrency payment processing; electronic payment services; processing electronic payments through electronic wallet services; currency management services; currency transfer services; financial services, namely, providing electronic transfer of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; financial consultation in the field of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing electronic processing and tracking of electronic funds transfers; currency exchange services; investment management services; money exchange services; management of digital asset investment portfolios; custodial services for financial institutions and funds; listing and trading of swaps and derivatives on digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; monetary exchange; exchanging money; clearing and reconciling financial transactions; electronic funds transfer; financial information services; electronic financial trading services; electronic financial trading, namely, trading of the field of digitized assets; providing on-demand and real-time financial information about digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing a website featuring financial information regarding digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token payments; providing information in the fields of investment and finance over computer networks and global communication network; electronic trading of financial instruments; electronic commerce payment services.

Class 42: Design and development of computer hardware and software; computer services; application service provider (ASP) services; software as a service (SaaS) services; platform as a service (PaaS) services; providing cloud computing software; providing software enabling users to invest in digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing distributed ledger technology; providing software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token assets; providing software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets,

digitized assets, digital tokens, crypto tokens and utility tokens; providing software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing software for implementing and recording financial transactions, for creating accounts and maintaining and managing information about financial transactions on distributed public ledgers and peer to peer payment networks; providing software for processing electronic payments and for transferring funds to and from others; providing electronic financial platform software; providing software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; providing software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; providing software for use in financial trading; providing software for use in financial exchange; providing software for use in accessing financial information and market data and trends; providing software for settling financial transactions, for providing authentication of parties to a financial transaction, for maintaining ledgers for financial transactions; providing software for the management of cryptographic security of electronic transmissions across computer networks; providing software for use with digital currency; providing software for use with cryptocurrency; providing software for use with virtual currency; providing software for use with digital currency wallet and storage services; providing software for digital currency payment and exchange transactions; providing distributed ledger software for use in processing financial transactions; providing software for electronic funds transfer; providing software for currency conversion; providing software for the collection and distribution of data; providing software for payment transactions; providing software for connecting computers to local databases and global computer networks; providing software for creating searchable databases of information and data; providing software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; providing software for creating and managing smart contracts; providing software for managing payment and exchange transactions; providing software for electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing software for use in enabling the electronic transfer of funds to and from others; providing software for creating a decentralized and open source digital currency for use in blockchain-based transactions; providing software for creating a decentralized and open source virtual currency for use in blockchain-based transactions; providing software for creating a decentralized and open source cryptocurrency for use in blockchain-based transactions; providing software for creating a decentralized and open source digitized asset for use in blockchain-based transactions; providing software for creating a decentralized and open source digital token for use in blockchain-based transactions; providing software for encrypting and enabling secure transmission of digital information over the Internet, as well as over other modes of communication between computing devices; providing software for allowing users to calculate parameters related to financial transactions; distributed ledger platform software for use in processing financial transactions; providing software for electronic funds transfer and currency conversion; providing software for use in securely managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; providing a web portal featuring blogs and non-downloadable publications in the nature of articles, columns, and informational guides in the fields of virtual currencies, digital and blockchain assets and market and trading trends; providing a web portal for users to access information in the field of virtual currencies, digital and blockchain assets; platform as a service (PaaS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software as a service (SaaS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; computer services, namely, creating an on-line virtual environment for the selling and purchasing of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; software as a service (SaaS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; computer services, namely, providing a decentralized electronic file storage system and open source cloud storage platform; computer services, namely, providing a decentralized electronic object storage platform for end-to-end encrypted and powered by blockchain and blockchain payments; computer services, namely, providing secure, private encrypted cloud storage services; computer services, namely, providing electronic peer-to-peer data storage distributed across unused customer electronic storage resources; computer services, namely, providing open source decentralized cloud storage platform; data encryption services featuring blockchain software technology and peer-to-peer protocols to provide secure, private, and encrypted cloud storage; distributed, electronic storage of electronic

media, namely, data, documents, files, text, photos, images, graphics, music, audio, video, and multimedia content; providing software for use as a cryptocurrency wallet; providing software for democratically managing digital exchanges for virtual items through smart contracts; data mining; providing software for use in trading, clearing, transmitting, receiving, storing, confirmation, and financial trading risk management for exchange market transactions in the fields of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring software platforms for authenticating, facilitating, matching, processing, clearing, storing, receiving, tracking, transferring, and submitting trade data, exchanging of trading transaction details, and management of the overall trading lifecycle; software as a service (SaaS) featuring software platforms for authenticating, facilitating, matching, processing, clearing, storing, receiving, tracking, transferring, and submitting trade data, exchanging of trading transaction details, and management of the overall trading lifecycle; providing software for use with blockchain technology; software as a service (SaaS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; software as a service (SaaS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; blockchain-based software platforms and distributed computing software platforms for auditing and verifying digital information and codes; design, development and implementation of audit and security software for blockchain-based platforms; providing software for use in facilitating secure transactions; providing software for auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software platforms for decentralized blockchain style communication; software platforms for the tracking and support of data transactions; design, development, and implementation of software for distributed computing platforms; design, development, and implementation of software for blockchain; design, development, and implementation of software solutions for digital currency security; design, development, and implementation of software for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token wallets; design, development, and implementation of software for third-party verification services for digital currency transactions, including but not limited to transactions involving bitcoin currency; providing temporary use of non-downloadable software for use in collecting, transferring, receiving, tracking, storing and transferring bitcoin; providing software for use in collecting, transferring, receiving, tracking, storing and transferring peer-to-peer currency; providing software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens or utility tokens that allow users to buy from, and sell products and services to others; providing software for use in accessing, reading, tracking, and using blockchain technology; technical consultancy services related to digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; platform as a service (PaaS) featuring computer software platforms for computer system and application development, deployment, and management; software as a service (SaaS) featuring computer software platforms for computer system and application development, deployment, and management; providing software enabling users to develop, build and run distributed applications through an open-source peer-to-peer smart-contract and payment network platform; providing cloud-based computer network identification verification, authentication and management services for security purposes; secure hosted management, storage and administration of passwords, credentials and identity information relating to persons, accounts and devices for security purposes; providing authentication software for controlling access to and communications with computers and computer networks; providing software for use in the exchange of virtual items; providing software for selling, trading and managing blockchain-based tokens or appcoins; providing a digital exchange; providing software for use in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing cloud-based network identification verification, authentication and management services for security purposes; providing software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments,

money transfers, and commodity transfers; providing software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties.

Class 45: Authentication services; online social networking services; online social investment network in the nature of an on-line social networking services in the field of investments; user verification services; identification verification services; providing a website featuring information on the development of privacy, security, blockchain and distributed ledger technologies, and data governance law; regulatory compliance consultancy in the field of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token applications; online social networking service for investors allowing financial trades and exchange of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; provision of user authentication services.

In accordance with Section 51 of the Trade Marks Act, 2013 and Rule 19 of the Trade Marks Rules, 2015 any person may, within three months of the publication of the application for registration of the trade mark give notice in duplicate to the registrar indicating opposition to the registration of the Trade Mark to which the application relates.

**NOTICE
PUBLICATION OF PROPOSED AMENDMENT TO CLASSIFICATION
OF TRADE MARK REGISTRATIONS PURSUANT TO RULE 47(1) OF
THE TRADE MARKS RULES, 2015**

15351 The Registrar of Trade Marks, Patents and Copyright proposes to amend the classification of the following trade mark registrations under section 95 of the Trade Marks, Act, 2013. The proposed amendment to the trade mark registrations will change the class(es) of registration from the class(es) identified in the column "Previous Class(es)" into the class(es) identified in the column "New Class(es)" immediately below.

Trade Mark Reg. No.	Trade Mark Name	Previous Class(es)	New Class(es)
LI 56(20)	SINGER (word)	7, 8, 9, 11, 20	7, 8, 9, 11
1361	JOHN PLAYER SPECIAL (Label)	45	34
1374	ANGOSTURA	43	33
1389	VICEROY (word)	43	33

1393	ROYALL LYME	48	3
1401	WELCH'S	42	30
1451	PALL MALL FILTER Label	45	34
1455	STONE'S (label)	43	33
1462	STATE EXPRESS 555 FILTER KINGS (label)	45	34
1963	RICARD	43	33
2320	BIBENDUM Device	6, 8, 38, 39, 40, 49, 50, 50(10)	1, 7, 9, 12, 16, 20, 25, 28
4431	J.J. MCWILLIAM (word)	43	33

Any person wishing to object to the change in classification may file a notice of opposition in Form TM8 within 2 months of the date of this notice.
